The honorable Robert Pitman,

I have nothing but respect for you and your court, your honor, but I have been wrongly convicted of a crime I did not commit, I wish to appeal, obviously, and I also wish to file ineffective counsel. Please send me the necessary forms to file. Knowing what my defense was, knowing I intended all along to testify, my counsel never spoke with me, never ever made an effort (except for insults / refusing to speak with)

to prepare me for trial. I was never informed (not even considering my physical and mental condition After the waes' assault) that the defense was to paint me a "liar and a cheat," even going so far as to call a former Areacis police officer to testify for the defense AGAINST me. Both counsels told me when Ms. Herrera's finished testimony the purposely did not 'prep' me or visit me in an effort to NOT allow me to testify. Jose Gonsalez openly referred to me as a compulsive liar before, during and after trial. The only reason /

I did not switch counsel when meeting you the first hearing w/ my physical shk. After I usng 60+ pnds ark being ASSAULTED, I did not think I could wait several months for your next trial opening

My supporters and potential allies were verbally attacked by Charlotte and Jose. I testified as the only way to get on record the true nature of Hanf, 6sy, and Eric's actions. I am many

things, have done many things wrong in my life. I did not do this, Period. In no way was I EVER TOUD MY NEGATIVE defense strategy. I was painted a ~~willing~~ by my ~~counsel~~ counsel! I respectfully ask you to forward me whatever is needed to file an ineffective counsel form/filing, I wish to appeal my conviction immediately, and I believe it in everyone's best interest that alternate counsel be provided me for my sentencing hearing. Respectfully,

Thankyou
